## Uncle Sam Adding 180 Ships To Already Expanding Fleet

Washington, Oct. 8 (AP)—The United States Navy, already the world's biggest, is building about 180 more ships for the fleet, ranging from a huge carrier to radically new design destroyers and submarines. A survey of available records today showed, among other things, that 13 submarines are being built now, not counting the experimental atomic-powered undersea boat recently authorized by Congress. This is the largest submarine building program since the mass production days of World War II.

There are about 450 combat ships in the operating fleet now, not including several hundred amphibious, supply and auxiliary craft.

Much of the buildup of the operating fleet has come from pulling laid-up ships from the mothball fleet, although some of the expansion includes new carriers, destroyers and other major combat craft.

### Good Reserve Forces

The mothball fleet of vessels built for World War II numbered at one time about 2,260. It still is a sizable force in reserve, about 1,600, despite withdrawals for return to the active fleet, transfer to navies of other friendly powers and dispositions by sale or other means.

Included in the reserve fleet are 11 battleships and two battlecruisers, a type built specifically for matching a similar design of the German

## Weather Fails To Halt Park Visitors

In spite of Sunday's showers, week-end visitation to the Gettysburg battlefield topped the 4,500-mark, park officials reported while the National museum reported visitors from 38 states, the District of Columbia, England, Hawaii, Wales and Canada.

## LOCAL FIREMEN OBSERVING FIRE PREVENTION WK.

The Gettysburg Fire department took official cognizance of Fire Prevention Week, which opened today, with radio talks over WGET this morning by Fire Chief Donald G. Jacobs and Assistant Chief Donald McSherry.

The three chiefs, Jacobs, McSherry and Donald Staub, also issued a list of "do's and don'ts" today in connection with fire prevention, one of the most important of which, should a fire be discovered, is the "know how" to summon the firemen quickly.

"Learn to turn in an alarm that will summon your fire department quickly," the joint statement said. "Learn the telephone number of the fire department, Gettysburg 71. Write it down near your telephone for emergency use. If you don't have it written down or cannot remember it, tell the operator, 'I want to report a fire,' and give the address correctly and distinctly.

"Don't become excited and stay on the telephone until you are sure the operator knows the exact location of the fire you are reporting."

### Last Precautions

The three chiefs also listed a number of precautions against fire. Among them were the following: Avoid careless use of matches and careless smoking habits. Keep matches out of the reach of small children. Don't smoke in bed or where no-smoking signs are posted.

Warning for Christmas  
Employ a skilled electrician to repair or extend electrical wiring when this becomes necessary. Buy electrical appliances and cords bearing the seal or label of the Fire Underwriters laboratories. Don't string wires under rugs, over hooks, or in any exposed place where wear may make them dangerous and possible fire starters.

The fire chiefs pointed out that (Please turn to page 8)

Despite rain Sunday, drought conditions still continue here. A survey showed today rain here totaled 0.51 inches.

Numerous farmers were continuing to haul water, as they have for some weeks, since their wells went dry.

Throughout most of the county, conservation of water on farms has been an almost summer-long practice, as the water levels in wells drooped lower and lower with the continued dry season. Farms ponds in many sections became but muddy pools as the water evaporated and was not replaced during the summer.

County Agent M. T. Hartman noted that "there is no question but that the long drought caused a reduction in the quantity of crops produced in the county."

## Allies And Reds Near Agreement On Cease-Fire Talks Site; Yanks Edge Near Last Peak On Ridge

U. S. Eighth Army Headquarters, Korea, Oct. 8 (AP)—A thin line of dog-tired American infantrymen to-day edged toward the top of the last Red-held peak on craggy Heartbreak Ridge in eastern Korea.

Last reports put them within 200 yards of the summit. Communist grenades and machinegun fire poured down from Red bunkers above as the troops of the U. S. Second Division's 23rd Regiment fought forward foot by foot and bunker by bunker.

Across the Munsung valley to the west the Ninth Regiment of the Second Division fought fiercely, repulsing North Koreans for possession of Kim Il Sung ridge, named by the Reds for the North Korean premier. A pooled dispatch from the front said the doughboys took several small hills. Their progress toward the ridge itself was slowed by Communist artillery and small arms fire.

Between Kim and Heartbreak, the 38th Regiment, also of the Second Division, slashed northward and captured a small hill. Tanks attached to the regiment moved into the valley and pounded Red positions on Kim.

Their shells and valleys echoed to the roar of 37 Allied warplanes that bombed and strafed Red positions. Allied airmen reported 156 casualties on the Communist troops. Across the war-torn peninsula on the western front, British and American infantrymen ground slowly forward on both sides of the Upper Imjin river against bitterly resisting Reds. The U. N. troops were supported by tanks and massed artillery. The Reds met the attacks with heavy artillery and mortar barrages of their own.

There was little but patrol action on the west-central front Sunday. American troops in that area captured Bloody Bailey, a dominating peak, and two other objectives. Heavy Artillery Barrage. A pooled dispatch from the front said the American infantrymen moved forward behind one of the heaviest artillery barrages of the war—20-35 rounds fired in 12 hours. Allied warplanes continued their round-the-clock pounding of Red road and rail traffic Monday. U. S. Fifth Air Force said night-flying pilots spotted 1,800 vehicles on North Korean supply roads and destroyed at least 125 in pre-dawn attacks. Most of the traffic was spotted on the eastern front. Two trains also were attacked but results were not observed.

Allied planes Sunday flew 900 sorties, many of them in close support of United Nations troops across the peninsula.

## Uncle Sam Adding 180 Ships To Already Expanding Fleet

Washington, Oct. 8 (AP)—The United States Navy, already the world's biggest, is building about 180 more ships for the fleet, ranging from a huge carrier to radically new design destroyers and submarines.

A survey of available records to date showed, among other things, that 13 submarines are being built now, not counting the experimental atomic-powered undersea boat recently authorized by Congress. This is the largest submarine building program since the mass production days of World War II.

There are about 450 combat ships in the operating fleet now, not including several hundred amphibious, supply and auxiliary craft.

Much of the buildup of the operating fleet has come from pulling laid-up ships from the mothball fleet, although some of the expansion includes new carriers, destroyers and other major combat craft.

## Good Reserve Forces

The mothball fleet of vessels built for World War II numbered at one time about 2,260. It still is a sizable force in reserve, about 1,600, despite withdrawals for return to the active fleet, transfer to navies of other friendly powers and dispositions by a sale or other means.

Included in the reserve fleet are 11 battleships and two battlecruisers, a type built specifically for matching a similar design of the German

## Weather Fails To Halt Park Visitors

In spite of Sunday's showers, week-end visitation on the Gettysburg battlefield topped the 4,500-mark, park officials reported while the National museum reported visitors from 38 states, the District of Columbia, England, Hawaii, Wales and Canada.

The count of guided trips Saturday showed 70 long trips, five short trips and three trips by buses. On Sunday there were 79 long and three short trips. Total estimated visitation for the week-end was placed at 4,554.

At the National museum, the large number of Canadian visitors this week-end was explained by the statement that a long week-end holiday observance of Thanksgiving Day was underway there. There were also large groups of scouts from Pottstown, cubs from Penbrook and a church group from Millville, N. J., at the museum.

## LOCAL FIREMEN OBSERVING FIRE PREVENTION WK.

The Gettysburg Fire department took official cognizance of Fire Prevention Week, which opened today, with radio talks over WGET this morning by Fire Chief Donald G. Jacobs and Assistant Chief Donald McSherry.

The three chiefs, Jacobs, McSherry and Donald Staub, also issued a list of "do's and don'ts" today in connection with fire prevention, one of the most important of which, should a fire be discovered, is the "know how" to summon the firemen quickly.

"Learn to turn in an alarm that will summon your fire department quickly," the joint statement said. "Learn the telephone number of the fire department, Gettysburg 71. Write it down near your telephone for emergency use. If you don't have it written down or cannot remember it, tell the operator, 'I want to report a fire,' and give the address correctly and distinctly.

"Don't become excited and stay on the telephone until you are sure the operator knows the exact location of the fire you are reporting."

## List Precautions

The three chiefs also listed a number of precautions against fire. Among them were the following: Avoid careless use of matches and careless smoking habits. Keep matches out of the reach of small children. Don't smoke in bed or where no-smoking signs are posted.

**Warning for Christmas**  
Employ a skilled electrician to repair or extend electrical wiring when this becomes necessary. Buy electrical appliances and cords bearing the seal or label of the Fire Underwriters laboratories. Don't string wires under rugs, over hooks, or in any exposed place where wear may make them dangerous and possible fire starters.

The fire chiefs pointed out that (Please turn to page 8)

## SUNDAY RAINS FAIL TO BREAK SEVERE DROUGHT

Despite rain Sunday, drought conditions still continue here, a survey showed today. Rain here totaled 0.51 inches.

Numerous farmers were continuing to haul water, as they have for some weeks, since their wells went dry.

Throughout most of the county, conservation of water on farms has been an almost summer-long practice, as the water levels in wells dropped lower and lower with the continued dry season. Farms ponds in many sections became but muddy pools as the water evaporated and was not replaced during the summer.

County Agent M. T. Hartman noted that "there is no question but that the long drought caused a reduction in the quantity of crops produced in the county."

## Some Localized Showers

He noted, however, that "the drought was spotty. Many farmers in the county received rain, while others, a mile or two away from (Please turn to page 8)

## Allies And Reds Near Agreement On Cease-Fire Talks Site; Yanks Edge Near Last Peak On Ridge

**U. S. Eighth Army Headquarters, Korea, Oct. 8 (AP)—**A thin line of dog-tired American infantrymen today edged toward the top of the last Red-held peak on craggy Heartbreak Ridge in eastern Korea.

Last reports put them within 200 yards of the summit, Communist grenades and machinegun fire poured down from Red bunkers above as the troops of the U. S. Second Division's 23rd Regiment fought forward foot by foot and bunker by bunker.

Across the Mundung valley to the west the Ninth Regiment of the Second Division fought fiercely, restoring North Koreans for possession of Kim Il Sung ridge, named by the Reds for the North Korean premier. A pooled dispatch from the front said the doughboys took several small hills. Their progress toward the ridge itself was slowed by Communist artillery and small arms fire.

## Tanks Pound Reds

Between Kim and Heartbreak ridges the 38th Regiment, also of the Second Division, slashed northward and captured a small hill. Tanks attached to the regiment moved into the valley and pounded Red positions on Kim.

The ruggedness and valleys echoed to the roar of 37 Allied warplanes that bombed and strafed Red positions. Allied airmen reported 156 casualties on the Communist troops.

Across the war-torn peninsula on the western front British and American infantrymen ground slowly forward on both sides of the Upper Imjin river against bitterly-resisting Reds. The U.N. troops were supported by tanks and massed artillery. The Reds met the attacks with heavy artillery and mortar barrages of their own.

There was little but patrol action on the west-central front. Sunday American troops in that area captured Bloody Baldy, a dominating peak, and two other objectives.

## Heavy Artillery Barges

A pooled dispatch from the front said the American infantrymen moved forward behind one of the heaviest artillery barrages of the war—20,683 rounds fired in 12 hours.

Allied warplanes continued their round-the-clock pounding of Red road and rail traffic Monday. U. S. Fifth Air Force said night-flying pilots spotted 1,800 vehicles on North Korean supply roads and destroyed at least 125 in pre-dawn attacks. Most of the traffic was spotted on the eastern front. Two trains also were attacked but results were not observed.

Allied planes Sunday flew 900 sorties, many of them in close support of United Nations troops across the peninsula.

## Drunken Driver Is Nabbed In Square

Basehore this morning, he signed pleas of guilty to both charges. He was held for court on the drunken driving charge and was given three days in default of \$10 and costs on the other charge. # PRINCESS AND DUKE REACH CANADA TODAY

Montreal, Oct. 8 (AP) — Princess Elizabeth and her husband, the Duke of Edinburgh, came to Canada in a trans-Atlantic plane today for their first visit to the North American continent. Their great 60-ton plane was sighted over Dorval airport here at 11:31 a.m. EST.

Ten minutes later the royal couple stepped from the plane at Dorval airport, 16 miles outside Montreal. They were 19 minutes ahead of schedule. The governor general, Viscount Alexander, was on hand to welcome them.

As the huge American-built stratoscruiser "Canopus" rumbled into view over head, thousands of Canadians massed at Dorval airport cheered lustily. A guard of honor snapped to attention, ready to welcome the royal couple on the first stop of their tour, which will include a visit to Washington at the end of October.

**Clouds Lift for Landing**

The princess and her husband barely missed a drab, chill reception. Threatening clouds lifted and the sun broke through only a short time before the plane came into view. Throughout the night and into the morning a cold rain had fallen, drenching the gay flags and bunting with which the airport was festooned for the occasion.

The ace pilot of the British Overseas Airways corporation, O. P. Jones, had been flying at 24,000 feet, reporting fine weather above the low-hanging clouds. His orders were to circle Montreal and put down at noon, sharp.

At the airport authorities had made arrangements to handle a crowd of 100,000.

The plane touched down at Gander, Nfld., at 4:50 a.m. (EST) for refueling. There the princess and the duke were welcomed by a message from Sir Leonard Outerbridge, lieutenant governor of Newfoundland.

## PRINCESS AND DUKE REACH CANADA TODAY

Montreal, Oct. 8 (AP)—Princess Elizabeth and her husband, the Duke of Edinburgh, came to Canada in a trans-Atlantic plane today for their first visit to the North American continent. Their great 60-ton plane was sighted over Dorval airport here at 11:31 a.m. EST.

Ten minutes later the royal couple stepped from the plane at Dorval airport, 16 miles outside Montreal. They were 19 minutes ahead of schedule. The governor general, Viscount Alexander, was on hand to welcome them.

As the huge American-built stratosphere "Canopus" rumbled into view over head, thousands of Canadians massed at Dorval airport cheered lustily. A guard of honor snapped to attention, ready to welcome the royal couple on the first stop of their tour, which will include a visit to Washington at the end of October.

**Clouds Lift for Landing**  
The princess and her husband barely missed a drab, chill reception. Threatening clouds lifted and the sun broke through only a short time before the plane came into view. Throughout the night and into the morning a cold rain had fallen, drenching the gay flags and bunting with which the airport was festooned for the occasion.

The ace pilot of the British Overseas Airways corporation, O. P. Jones, had been flying at 24,000 feet, reporting fine weather above the low-hanging clouds. His orders were to circle Montreal and put down at noon, sharp.

At the airport authorities had made arrangements to handle a crowd of 100,000.

The plane touched down at Gander, Nfld., at 4:50 a.m. (EST) for refueling. There the princess and the duke were welcomed by a message from Sir Leonard Outerbridge, lieutenant governor of Newfoundland.

# BROWNS TOPPLE RAMS 38 TO 23

Los Angeles, Oct. 8 (AP)—The folks who have been sounding taps over the Cleveland Browns, including Browns' Coach Paul Brown, can take it all back today.  
The National league pro cham- pions looked just about as good as ever Sunday as they thoroughly trounced the slightly-favored Los Angeles Rams, 38-23, before 67,186 sweltering fans in Memorial col-iseum.  
The temperature on the field was announced as 114 degrees as the game started, but the Browns did everything but wilt.  
Alert defensive work, as much as anything else, accounted for the sur- prising victory. Within the space of two minutes, Cleveland halfbacks intercepted two passes deep in Los Angeles territory, scoring on one, setting up a tally on another. That was the two-touchdown margin.  
The Rams head east for another tough one next Sunday, meeting De- troit's Lions. The Browns get what should be an easier game, enter- taining Washington's Redskins.

# ACE PITCHERS MEET TODAY IN FOURTH GAME

By JACK HAND  
New York, Oct. 8 (AP)—Saved by rain from gambling on Sam (John), Manager Casey Stengel switched to Albie Reynolds (17-8), his Yankee ace, in an effort to even the World Series in today's fourth game at the Polo Grounds. Reynolds will go against Sal Maglie (23-6), the Giants' best. The game time is 1:00 p.m. (EST).  
The weatherman said today it would be cloudy, becoming fair. He predicted continued cool, windy weather with a high temperature in the 60s.  
Stengel had pondered a change from Sam to Tom Morgan for the Sunday game, holding Sam for re- lief. When the game was postponed by rain and wet grounds, he gladly hopped to Reynolds.  
Reynolds lost first Down 2-1 in games after losing Saturday. Stengel would have been forced to match a second string pitcher with the Giants' close-shaving barber. Now it's ace against ace.  
"I'm confident about Reynolds," said Stengel. "I know he can pitch better than he did in the first game."  
We would like to have played the game," said Manager Leo Du- rocher of the Giants, "but I think it helps us as much as them Maglie can use that extra day of rest."  
Reynolds, double no-hit winner in the regular season, failed Stengel Thursday in the opener at Yankee Stadium. The big Indian just didn't have it, giving up eight hits and all five runs before he left after six innings. He was so anxious to get back at the Giants that he threw in the bullpen during Saturday's 6-2 Giant battle.  
Revised Batting Order  
The Giants had to hold out Maglie until this late in the Series because he worked the final playoff games against Brooklyn Wednesday. Sal left for a pinchhitter after eight innings and Larry Jansen came in to get the win on Bobby Thomson's dramatic homer. The 34-year-old yet with the movie villain sideburns needs three days' rest for a top effort. He's had four.  
Unless Stengel changes his mind, the Yanks will present a revised batting order with Hank Bauer lead- ing off, Yogi Berra batting third and Gene Woodling, who hit a homer Saturday, in Yogi's old fifth spot.  
Was Stengel thinking of moving Joe DiMaggio, unless in 11 trips, out of the cleanup spot?  
"No sir," Stengel answered. "I won't do it in the series. You show me anybody hitting for a good av- erage. I couldn't put Berra in there. The young fellow hasn't been hit- ting. I changed them once and it didn't work out."  
First Rainout Since '41  
It was the first rainout in the Series since 1941 when the third Dodger-Yank game at Brooklyn was postponed. The Yanks and Giants had a wet time in 1936, finishing the first game in a heavy storm and calling off the second.  
As is customary in all Series, tickets for game No. 4 will be honored today and the entire sched- ule will be pushed back a day. They'll play at the Polo Grounds again Tuesday. If it isn't over then, they will return to the Stadium Wednesday and Thursday.  
"Same lineup, same pitcher," said Durocher. That meant Hank Thomp- son in right field and Maglie.

Mrs. LeRoy Berwager, church or- ganist, played the traditional wed- ding marches by Wagner and Men- delsohn. She presented a recital prior to the ceremony and also served as accompanist for the solo- ist, James Metter, tenor vocalist, who sang "Because," "O Promise Me," "I Love You Truly" and "The Lord's Prayer," the latter at the conclusion of the ceremony.  
The church was attractively dec- orated with palms, ferns and cut flowers. A reception was held for ap- proximately 200 guests, immediately following the ceremony, in the church auditorium. A three-tier wedding cake topped with a mini-ature bride and groom formed the center piece of the brides table, which was decorated with cut flowers and candies. The newlyweds received many gifts.  
The couple left on a wedding trip of unannounced destination. For traveling, the bride chose a gray wool suit and black accessories and she wore an orchid corsage. Upon their return they will reside tem- porarily at the home of the bride's parents.

# Firemen Called To Water Truck Blaze

The Fairfield Fire company was called out Saturday about 11 a.m. to extinguish one of its most unusual fires—a blaze on a water truck.  
A state highway department tank truck, filled with water, was oper- ating near Indian Trail inn, west of Fairfield, when it was discovered that the pump motor on the truck had caught fire.  
With all the water available the firemen used their chemical tanks to extinguish the blaze which caused little damage.  
Pittsburgh, Oct. 8 (AP)—Rep. Peter F. Mark, Jr. (D-Ill.) resumed his round-the-world food will flight to- day (at 12 EST) after threatened bad weather caused an over-night stop in Pittsburgh.  
He described his solo flight as "strictly uneventful so far" before he lifted his silver and red money bag into the air at the Allegheny county airport. He landed there last night when the threat of poor flying weather cut short the initial leg of his long flight.

# Gets Sports News At Front Lines

With U. S. 24th Division, Korea, Oct. 8 (AP)—American soldiers in their frontline foxholes today heard rebroadcast of the first three World Series baseball games and the Michi- gan State-Ohio State football game. Recorded sections of the games were broadcast over loudspeakers from a point just behind the front line. The broadcast lasted about one hour. Previously the loud- speakers were used by psychological warfare teams in urging Communist troops to surrender.

# GHS IN SELECT UNBEATEN LIST

Harrisburg, Oct. 8 (AP)—Two dozen unbeaten and united teams today are leading the parade as the 1951 Pennsylvania schoolboy foot- ball campaign nears the half-way mark.  
The 24 powers are only a portion of the more than 50 teams weather- ing the first five weeks with no blemishes on their records. However, they are the ones that have turned in the most impressive perform- ances.  
The all-winning eleven include: East—Allentown, Berwick, Coal Township, Danville, Gettysburg, Larksville, Lewisburg, Lower Merion, Kulpmont, Pottsville, Swaterville and Tamaqua. West—Altoona, Ambridge, Bell-wood-Artis, Conowingo, DuBois, DuBois, Erie, Cathedral Prep, Greensburg, Johnstown, Carlisle, Muhlenberg, Uniontown, Washington, and Pittsburgh Westinghouse.  
The longest victory string of the major teams belongs to Lower Merion, winner of 16 in a row after taking a 14-7 decision over Abing- ton over the week-end. All others suffered either a loss or a tie last year. Coal Township, led only by Dunmore in 1950, now has gone through its last 24 games without a defeat.  
However, the longest victory streak in Pennsylvania high school football still belongs to tiny Bell Township of Westmoreland county. Bell won its 27th game in a row over the week-end by stopping Saltsburg, 45-0.

# HORNSBY WILL MANAGE BROWNS

New York, Oct. 8 (AP)—Rogers Hornsby signed to manage the St. Louis Browns for three years, owner Bill Veeck announced today. No fi- nancial terms were disclosed except that Hornsby's salary will be the greatest ever paid a Browns' man- ager.  
Hornsby came east for the World Series from Seattle, where he man- aged the Pacific Coast league entry the past season. He managed the Browns briefly during the 1930s and starred both as a manager and a player with the Cardinals, St. Louis' National league team.  
Veeck said that Hornsby's coaches would be determined mutually later.  
When Hornsby left the coast on his series trip he said he was con- sidering three offers to return to the majors. None was identified.  
Replaces Taylor  
Hornsby replaces Zack Taylor as manager of the Browns. When Veeck, the dynamic redhead who startled the baseball world with his crowd-catching methods while di- recting the Cleveland Indians, took over control of the Browns in mid- season he indicated he would prob- ably seek a new manager.  
Taylor has been promised a job with the Browns' organization but has not indicated whether he will accept.  
Hornsby, a member of the Hall of Fame at Cooperstown, is one of baseball's immortals. In his major league career, which started in 1915, he won the National league batting championship six times in a row, starting with 1920 when he had an average of .370. In 1924 he reached the amazing batting mark of .424.

# SOUTHERN CAL BEING BOOMED AS BOWL TEAM

By ED CORRIGAN  
New York, Oct. 8 (AP)—It's early to be talking about potential bowl teams, but the Pacific Coast confer- ence already is whooping it up for Southern California for a Rose Bowl spot.  
Not that Southern Cal will win the league title. But California, the top team in the west—and very pos- sibly the nation—is not eligible for another crack at the January 1 game.  
Southern California went to the top of the conference Saturday by upsetting Washington, which was supposed to be California's only only threat to the title. The score was 20-13.  
California, of course, whipped Minnesota of the Big Ten, 55-14. That immediately brought up the question of which is stronger, Cal- ifornia or Michigan State which beat Ohio State, 24-20.  
Wes Foster, Minnesota coach, was extravagant in his praise of Wal- dorff's eleven.  
There should be no trouble this week because all the top teams in the first Associated Press poll—Michigan State, California and Ten- nesis—face easy assignments. The Spartans play Marquette, the Bears, Washington State and the Vols, who shut out Duke, 26-0, go against Chattanooga.

# Irish Face SMU

But Notre Dame, No. 5 this week and rolling along almost like the Irish of old, after polishing off De- troit, 40-5, Friday night, runs smack into Southern Methodist, which whipped Missouri, 34-0. This one ought to give a line on just how far Notre Dame is going to go this year.  
The Texas Aggies perhaps showed the most class in the Southwest conference in overcoming Oklahoma, last year's mythical national cham- pion, 14-7. But Texas, six-ranking team in the country, turned back North Carolina, 45-20, and Texas Christian recorded a 17-7 triumph over Arkansas. Any of those three might win it if Southern Methodist falters.  
In the has-been department at this early stage of the season, you can toss Michigan, Kentucky, Alabama and Georgia. Kentucky, especially, has been a big disappointment and lost its third straight Saturday, Georgia Tech doing the honors this time, 13-7.  
Michigan, defending Big Ten champion, lost the first game in his- tory to Stanford, 23-13. Mississippi State nipped Georgia, 6-0, and Van- derbilt nipped Alabama, 22-20.  
Two other significant facts were unearthed as a result of the week- end's action.  
Army Shows Form  
No. 1—Army is not as weak as it was cracked up to be after the crib- bing scandal. Northwestern beat the Cadets, 20-14, after Earl Blaik's men held a 14-7 third period lead.  
No. 2—Princeton will near watch- ing. The Tigers were one of the top teams in the country last year, but were decimated by graduation. Ben- hard Dick Kazmaier's passing Prince- ton, squashed Navy, 24-20.  
In other major games, Colorado outscored Kansas, 35-27. Purdue de- feated Iowa, 34-30; Indiana stopped Pitt, 13-6. UCLA whipped Santa Clara, 44-17. Penn triumphed over Dartmouth 39-14, Columbia blanked Harvard, 35-0. Holy Cross manhan- ded Fordham, 54-20; the Citadel pounded off Davidson, 34-14, Cor- nell swamped Colgate, 41-18. Villanova halted Penn State, 20-14. Wake Forest downed Richmond, 56-6. Baylor was victor over Tulane, 27-14; Marquette used Iowa state, 6-6. Maryland squashed George Wash- ington, 33-6, and Brown upset Yale, 14-13.

# 16 WOMEN FORM EXTENSION UNIT

A group of 16 women from the Cashtown-McKnightstown area met Friday afternoon at the home of Mrs. C. E. Andrew to form the Cashtown Extension class under the direction of Miss Mary Jane Mickey, Adams county home economics extension representative.  
Miss Mickey outlined the vari- ous courses which could be studied by the group and it was decided to take the Home Management course. The course includes color in the home, cover and drapery-making, re- freshing and rearing chairs. The group will receive chairs. Each mem- ber is requested to bring a chair to the Cashtown fire hall next Friday afternoon and Miss Mickey will help to decide what materials will be used for the work. Anyone inter- ested in the work is welcome to at- tend.  
Mrs. Clyde Andrew was chosen as leader of the group and Mrs. Bruce Wozel the publicity secretary.  
Stylish, dress alterations were shown by Miss Mickey.  
The next regular meeting will be held at the Cashtown fire company hall Friday, October 26 at 1:30 p.m. at which time the first lesson on re- vamping chairs will be given. An in- vitation is extended to all women in- terested in extension work to join the group.

# PACKERS UPSET STEELERS 35-33

Milwaukee, Wis., Oct. 8 (AP)—The Green Bay Packers blew a 28-point lead yesterday but came from behind on a fourth period touchdown pass to upset the Pittsburgh Steelers 35-33.  
With triple-threat Joe Geri bottled up, Chuck Ortman, Fran Ruel and Lynn Chandonis carried the Steeler touchdown load, taking a 33-28 lead early in the third quarter after the Packers had scored four quick touchdowns.  
Ortman passed 33 yards to Chandonis for one touchdown. Chandonis and Rogel drove over for two more and Jimmy Pinks paced 28 yards with a stolen Packer pass for another. Geri booted a 26-yard field goal and converted four times.  
Packer quarterback Tobin Rote passed 16 yards to Bob Mann for the payoff touchdown with five minutes to play. It was the second Rote-to-Mann scoring heave. A poor in-the-wind kick by Geri set up a Packer touchdown and in interrup- tion of a Geri pass set up still an- other.

# RAIN INTERRUPTS TWO PLAYOFF BALL GAMES

Rain halted playoff baseball games in the Penn-Maryland and Pen-Mar leagues Sunday afternoon and the games were rescheduled for next Sunday.  
Fairfield led Harney 3-2 after three innings in the opening cham- pionship game of the Penn-Mary- land circuit at Fairfield when rain halted the game.  
Taneytown held a 2-1 lead at McSherrystown after four and one-half frames in the Pen-Mar playoffs be- fore rain stopped the action.

# SPORTS ROUNDUP

By HUGH FULLERTON, JR.  
New York, Oct. 8 (AP)—The other day one of the better qualified second-guessers opined the Giants wouldn't be a good ball club until they got a new second baseman. Eddie Starky, he claimed, had slowed down so much that he couldn't cover any ground, and he never was much of a hitter. All the Giants' implausible brag that is win ball games, by whatever means are necessary. On Saturday the experts couldn't decide whether he used a punt, placement or drop kick, or maybe he had been learning about soccer from Bobby Thomson, who came from Glasgow, that hotbed of the kicking game. Another theory that has been pretty well runned was that the Giants would benefit by rain because their pitchers needed rest. Yesterday's rainout came as a help to the Yanks because they can go with Albie Reynolds now instead of relying on Johnny Sain, who had a 5-13 record this season before he left the National league.

# NICE WORK, COACH

Dal Ward, the Colorado U. foot- ball coach, doesn't mind telling this one on himself. Colorado was leading Colorado A. and M. 14-13, with a minute to go and the way the team was playing, Ward was satisfied to take a one-point vic- tory. He muttered "take your time," hoping quarterback Roger Williams would get the hint to run a couple of cautious plays. In- stead Williams got the message as meaning the coach wanted time out. Dal had to do something to justify the call, so he sent in fresh- man Carroll Hardy, who never had been in a game. Hardy ran for a touchdown on the first play. Thirty seconds later Colorado intercepted a pass and scored again to win by 15 points instead of one.

# MONDAY MATINEE

Mr. Inside of Columbus, Ohio, re- ports that Ohio State Coach Woody Hayes has been having trouble with his players and the players have been having trouble with each other.  
So losing that tough one to Michigan State could have a very bad or good effect. The Louis- Mariano fight at Madison Square Garden October 26 will be telecast by NBC with the usual Friday night razor company sponsor. The fight will be shown on sponsors pulling up half and TV set manu- facturers kicking in the other. G's to protect the home- owners' interests. Radio would be good for another \$25,000.  
The Harvard football team that took a lacing from Columbia was cap- tained by John L. Lewis of Texas, sub. What it needed was a few Lewis coal miners playing in the line. Harvard's brash little neighbor, Brandeis U., has a player from Clairton, Pa., Dick Jones who speaks from experience when he says "Being at Brandeis is like a vacation after working in the mines."

# DOTS ALL, BROTHERS

George and Wes McAfee, former Duke grid stars, are coaching muget football in Durham, N. C., this season. Suppose some of their boys got mixed up in that Tennessee game? After scouting Southern Methodist, Missouri's Hi Simmons described line-backers Dick High- tower and I. D. Russell as those big, gold-colored white faced steers. "Maybe he should wire Mike D. Sallie to exercise some controls."

# SPRINGERS COP FIRST GRIDIRON VICTORY 19-13

Clarence Mentzer's York Springs high school football team crashed into the win column for the first time Saturday afternoon when it de- feated the Paradise Protectors team 19-13 in a hard-fought game at York Springs.  
After a scoreless first period, both teams talked in the second quarter. York Springs was the first to score as the result of a fumble. Attempt- ing to punt from near the goal line, the Paradise booter fumbled the ball and Donald Tanger, Springer end, pounced on the ball in the end zone. The try for the point failed when the York Springs ball-toter was halted.  
Paradise took to the air to register a score and take a 7-6 lead at half time. A pair of long passes, the first of which put the ball on the York Springs 20, brought the six-pointer as Norman Shaffer took the second pass on the goal line. He also added the extra point when he circled left end.  
A diving catch of the 15-yard pass from Dan Williams in the end zone by Tanger produced York Springs' second touchdown. The play came after York Springs had recovered a fumble on the Paradise 20-yard line. York Springs ran its lead to 19-7 early in the final quarter when it took the ball on the Paradise 30 via a blocked punt. Straight running plays were used to advance the ball to the 5 from where Joe Miller cracked through the line to reach pay dirt. Williams passed to Tanger for the point.

# Bullets Score First Victory By Upsetting Drexel Team 21-0

Sparked by the hard-running of Tony Natale, a freshman, who scored a pair of touchdowns, the Gettysburg college football team broke into the win column for the first time this season by turning back a favored Drexel outfit 21-0 here Saturday before about 3,100 Father's Day fans.

Natale tallied his first touchdown late in the second period after he turned in runs of 32 and 14 yards to spark the Bullet drive from the own 44. His last run put the ball on the 1-yard mark. Vince Rossetti hit the line for about two feet and then Natale crashed through after 13:12 minutes of the period. Bill Pratt converted the first of his three extra points via placements.

Late in the third period Ray Reider broke through to spill Gene Hug, Drexel back, on his own 1-yard line to force the Dragons to punt from that point. The boot carried out to the Dragon 34 from where the Bullets swept to their second score.

**Natale Scores Again**  
Natale circled right end for 19 yards and a first down on the 15. He picked up 2 yards on a line thrust and then raced around left end to reach the 4. Rossetti picked up a yard before Natale went through the left side of the line with but 28 seconds remaining in the period.

Gettysburg's final touchdown came after 10:45 minutes of the fourth period. The Dragons were forced to kick from their own 14 and Bill Vignola, a fine defensive performer all afternoon, charged through to block Tom Kolongowski's punt and Ray Reider pounced upon the leather in the end zone.

The Bullets' defensive forward wall played a particularly impressive game to hold the Dragons to minus 55 yards on rushing. Ronnie Miller, Jim Rooney, Vignola, Walt Hemberger and Pettit were stalwarts throughout.

While the Bullets improved generally in their play, they gave another rather loose exhibition of handling the ball, fumbling six times and losing possession on four of those occasions.

**Fumble Early**  
The first fumble, that on a pitch-out, put the Bullets in hot water right after the game started. Haenn, Drexel halfback, recovered on the Gettysburg 16 but the Bullet line was equal to the test and took the ball on the 26 when Kolongowski was thrown at that spot after attempting to pass.

Late in the opening quarter Kolongowski intercepted a Bitner pass to return 22 yards to the Gettysburg 20 but a 15-yard penalty against the Dragons put the ball back on the 35 and that stymied the threat. In the opening minutes of the second quarter Joe Cagiano, who also turned in some nice bits of running through the afternoon, faced 22 yards to the Drexel 15 but on the next play Lawler of the Dragons recovered a fumble on the 15.

Early in the third period Howard Pettit and Bob Dickson recovered a Drexel fumble on the visitors' 28. However, two plays later the threat was over when Vaders pounced on a Bullet bobble on the 15. Drexel punted out but after two straight first downs were recorded another fumble was recovered by Leo Hayes for the visitors on the 24.

Plenty of timeouts, penalties and forward passes served to make the game a long, drawn out affair for the shirt-sleeved crowd who watched the game in mid-summer temperatures.

A little excitement was given the crowd in the last period when a Drexel and a Bullet player began to throw some punches which resulted in the Dragon player being ejected from the game.

**Seven Bands Perform**  
Prior to the game the Gettysburg, Biglerville, East Berlin, Littlestown and New Oxford high school bands paraded past the stands and then joined with the Drexel and college musicians in playing "The Star Spangled Banner" just before the game got underway.

Next Saturday the Bullets will engage Lehigh university in their third straight home game.

## BROWNS TOPPLE RAMS 38 TO 23

Los Angeles, Oct. 8 (AP)—The folks who have been sounding taps over the Cleveland Browns, including Browns' Coach Paul Brown, can take it all back today.

The National League top champions looked just about as good as ever Sunday as they thoroughly trounced the slightly-favored Los Angeles Rams, 38-23, before 67,186 sweltering fans in Memorial coliseum.

The temperature on the field was announced as 114 degrees as the game started, but the Browns did everything but wilt.

Alert defensive work, as much as anything else, accounted for the surprising victory. Within the space of two minutes, Cleveland halfbacks intercepted two passes deep in Los Angeles territory, scoring on one, setting up a tally on another. That was the two-touchdown margin.

The Rams head east for another tough one next Sunday, meeting Detroit's Lions. The Browns get what should be an easier game, entertaining Washington's Redskins.

# ACE PITCHERS MEET TODAY IN FOURTH GAME

By JACK HAND  
New York, Oct. 8 (AP)—Saved by rain from gambling on Sain (John), Manager Casey Stengel switched to Allie Reynolds (17-8), his Yankee ace, in an effort to even the World Series in today's fourth game at the Polo Grounds. Reynolds will go against Sal Maglie (23-6), the Giants' best. The game time is 1:00 p.m. (EST).

The weatherman said today it would be cloudy, becoming fair. He predicted continued cool, windy weather with a high temperature in the 60s.

Stengel had pondered a change from Sain to Tom Morgan for the Sunday game, holding Sain for relief. When the game was postponed by rain and wet grounds, he gladly hopped to Reynolds.

**Reynolds Lost First**  
Down 2-1 in games after losing Saturday, Stengel would have been forced to match a second string pitcher with the Giants' close-shaving barber. Now it's ace against ace.

"I'm confident about Reynolds," said Stengel. "I know he can pitch better than he did in the first game." "We would like to have played the game," said Manager Leo Durocher of the Giants, "but I think it helps us as much as them. Maglie can use that extra day of rest."

Reynolds, double no-hit winner in the regular season, failed Stengel Thursday in the opener at Yankee Stadium. The big Indian just didn't have it, giving up eight hits and all five runs before he left after six innings. He was so anxious to get back at the Giants that he threw in the bullpen during Saturday's 6-2 Giant battle.

**Revised Batting Order**  
The Giants had to hold out Maglie until this late in the Series because he worked the final playoff games against Brooklyn Wednesday. Sal left for a pinchhitter after eight innings and Larry Jansen came in to get the win on Bobby Thomson's dramatic homer. The 34-year-old vet with the movie villain sideburns needs three days' rest for a top effort. He's had four.

Unless Stengel changes his mind, the Yanks will present a revised batting order with Hank Bauer leading off, Yogi Berra batting third and Gene Woodling, who hit a homer Saturday, in Yogi's old fifth spot.

Was Stengel thinking of moving Joe DiMaggio, hitless in 11 trips, out of the cleanup spot?

"No sir," Stengel answered. "I won't do it in the series. You show me anybody hitting for a good average. I couldn't put Berra in there. The young fellow hasn't been hitting. I changed them once and it didn't work out."

**First Rainout Since '41**  
It was the first rainout in the Series since 1941 when the third Dodger-Yank game at Brooklyn was postponed. The Yanks and Giants had a wet time in 1936, finishing the first game in a heavy storm and calling off the second.

As is customary in all Series, tickets for game No. 4 will be honored today and the entire schedule will be pushed back a day. They'll play at the Polo Grounds again Tuesday. If it isn't over then, they will return to the Stadium Wednesday and Thursday.

"Same lineup, same pitcher," said Durocher. That meant Hank Thompson in right field and Maglie.

**Reception for 200**  
Mrs. LeRoy Berwager, church organist, played the traditional wedding marches by Wagner and Mendelssohn. She presented a recital prior to the ceremony and also served as accompanist for the soloist, James Motter, tenor vocalist, who sang "Because," "O Promise Me," "I Love You Truly" and "The Lord's Prayer," the latter at the conclusion of the ceremony.

The church was attractively decorated with palms, ferns and cut flowers. A reception was held for approximately 200 guests, immediately following the ceremony, in the church auditorium. A three-tier wedding cake topped with a miniature bride and groom formed the centerpiece of the bride's table, which was decorated with cut flowers and candles. The newlyweds received many gifts.

The couple left on a wedding trip of unannounced destination. For traveling, the bride chose a gray wool suit and black accessories and she wore an orchid corsage. Upon their return they will reside temporarily at the home of the bride's parents.

## Gets Sports News At Front Lines

With U. S. 24th Division, Korea, Oct. 8 (AP)—American soldiers in their frontline foxholes today heard rebroadcast of the first three World Series baseball games and the Michigan State-Ole Miss football game. Recorded sections of the games were broadcast over loudspeakers from a point just behind the front line. The broadcast lasted about one hour. Previously the loudspeakers were used by psychological warfare teams in urging Communist troops to surrender.

## GHS IN SELECT UNBEATEN LIST

Harrisburg, Oct. 8 (AP)—Two dozen unbeaten and united teams today are leading the parade as the 1951 Pennsylvania schoolboy football campaign nears the half-way mark.

The 24 powers are only a portion of the more than 50 teams weathering the first five weeks with no blemishes on their records. However, they are the ones that have turned in the most impressive performances.

The all-winning elevens include:

East—Allentown, Berwick, Coal Township, Danville, Gettysburg, Larksville, Lewistown, Lower Merion, Kulpmont, Pottsville, Swetsville and Tamaqua.

West—Aliquippa, Ambridge, Bellwood-Antis, Connaught Township, DuBois, Erie Cathedral Prep, Greensburg, Johnstown Catholic, Muncy, Uniontown, Washington, and Pittsburgh Westinghouse.

The longest victory string of the major teams belongs to Lower Merion, winner of 16 in a row after taking a 14-7 decision over Abington over the week-end. All others suffered either a loss or a tie last year. Coal Township, tied only by Dunmore in 1950, now has gone through its last 24 games without a defeat.

However, the longest victory streak in Pennsylvania high school football still belongs to tiny Bell Township of Westmoreland county. Bell won its 27th game in a row over the week-end by stopping Saltsburg, 45-0.

## HORNSBY WILL MANAGE BROWNS

New York, Oct. 8 (AP)—Rogers Hornsby signed to manage the St. Louis Browns for three years, owner Bill Veeck announced today. No financial terms were disclosed except that Hornsby's salary will be the greatest ever paid a Browns' manager.

Hornsby came east for the World Series from Seattle, where he managed the Pacific Coast league entry the past season. He managed the Browns briefly during the 1930s and starred both as a manager and a player with the Cardinals, St. Louis' National league team.

Veeck said that Hornsby's coaches would be determined mutually later. When Hornsby left the coast on his series trip he said he was considering three offers to return to the majors. None was mentioned.

**Replaces Taylor**  
Hornsby replaces Zack Taylor as manager of the Browns. When Veeck, the dynamic redhead who startled the baseball world with his crowd-catching methods while directing the Cleveland Indians, took over control of the Browns in mid-season he indicated he would probably seek a new manager.

Taylor has been promised a job with the Browns' organization but has not indicated whether he will accept.

Hornsby, a member of the Hall of Fame at Cooperstown, is one of baseball's immortals. In his major league career, which started in 1915, he won the National league batting championship six times in a row, starting with 1920 when he had an average of .370. In 1924 he reached the amazing batting mark of .424.

## Firemen Called To Water Truck Blaze

The Fairfield Fire company was called out Saturday about 11 a.m. to extinguish one of its most unusual fires—a blaze on a water truck.

A state highway department tank truck, filled with water, was operating near Indian Trail Inn, west of Fairfield, when it was discovered that the pump motor on the truck had caught fire.

With all the water available, the firemen used their chemical tanks to extinguish the blaze which caused little damage.

Pittsburgh, Oct. 8 (AP)—Rep. Peter F. Mack, Jr. (D-III) resumed his round-the-world good will flight today (at 10:12 EST) after threatened bad weather caused an over-night stop in Pittsburgh.

He described his solo flight as "strictly uneventful so far" before he lifted his silver and red monoplane into the air at the Allegheny county airport. He landed there last night when the threat of poor flying weather cut short the initial leg of his long flight.

# SOUTHERN CAL BEING BOOMED AS BOWL TEAM

By ED CORRIGAN  
New York, Oct. 8 (AP)—It's early to be talking about potential bowl teams, but the Pacific Coast conference already is whooping it up for Southern California for a Rose Bowl spot.

Not that Southern Cal will win the league title. But California, the top team in the west—and very possibly the nation—is not eligible for another crack at the January 1 game.

Southern California went to the top of the conference Saturday by upsetting Washington, which was supposed to be California's only only threat to the title. The score was 20-13.

California, of course, whipped Minnesota of the Big Ten, 55-14. That immediately brought up the question of which is stronger, California or Michigan State which beat Ohio State, 24-20.

Wes Fesler, Minnesota coach, was extravagant in his praise of Waldorf's eleven.

There should be no trouble this week because all the top teams in the first Associated Press poll—Michigan State, California and Tennessee—face easy assignments. The Spartans play Marquette, the Bears Washington State and the Vols, who shut out Duke, 26-0, go against Chattanooga.

**Irish Face SMU**  
But Notre Dame, No. 5 this week and rolling along almost like the Irish of old, after polishing off Detroit, 40-6, Friday night, runs smack into Southern Methodist, which whipped Missouri, 34-0. This one ought to give a line on just how far Notre Dame is going to go this year.

The Texas Aggies perhaps showed the most class in the Southwest conference in overcoming Oklahoma, last year's mythical national champion, 14-7. But Texas, six-ranking team in the country, turned back North Carolina, 45-20, and Texas Christian recorded a 17-7 triumph over Arkansas. Any of those three might win it if Southern Methodist falters.

In the has-been department at this early stage of the season, you can toss Michigan, Kentucky, Alabama and Georgia. Kentucky, especially, has been a big disappointment and lost its third straight Saturday, Georgia Tech doing the honors this time, 13-7.

Michigan, defending Big Ten champion, lost the first game in history to Stanford, 23-13. Mississippi State nipped Georgia, 6-0, and Vanderbilt nosed out Alabama, 22-20.

Two other significant facts were unearthed as a result of the week-end's action.

**Army Shows Form**

No. 1—Army is not as weak as it was cracked up to be after the cribbing scandal. Northwestern beat the Cadets, 20-14, after Earl Blak's men held a 14-7 third period lead.

No. 2—Princeton will bear watching. The Tigers were one of the top teams in the country last year, but were decimated by graduation. Behind Dick Kazmaier's passing Princeton squashed Navy, 24-20.

In other major games, Colorado outscored Kansas, 35-27; Purdue defeated Iowa, 34-30; Indiana stopped Pitt, 13-6; UCLA whipped Santa Clara, 44-17; Penn triumphed over Dartmouth, 39-14; Columbia blanked Harvard, 35-0; Holy Cross manhandled Fordham, 54-20; the Citadel polished off Davidson, 34-14; Cornell swamped Colgate, 41-18; Villanova halted Penn State, 20-14; Wake Forest downed Richmond, 56-6; Baylor was victor over Tulane, 27-14; marquette tied Iowa state, 6-6; Maryland squashed George Washington, 33-6, and Brown upset Yale, 14-13.

## 16 WOMEN FORM EXTENSION UNIT

A group of 16 women from the Cashtown-McKnightstown area met Friday afternoon at the home of Mrs. Clyde Andrew to form the Cashtown Extension class under the direction of Miss Mary Jane Mickey, Adams county home economics extension representative.

Miss Mickey outlined the various courses which could be studied by the group and it was decided to take the Home Management course. This course includes color in the home, slip cover and drapery-making, re-finishing and recaning chairs. The group will recane chairs. Each member is requested to bring a chair to the Cashtown fire hall next Friday at 10 a.m. and Miss Mickey will help to decide what materials will be needed for the work. Anyone interested in the work is welcome to attend.

Mrs. Clyde Andrew was chosen as leader of the group and Mrs. Bruce Wetzel the publicity secretary.

Slides on dress alterations were shown by Miss Mickey.

The next regular meeting will be held at the Cashtown fire company hall Friday, October 26, at 1:30 p.m. at which time the first lesson on recaning chairs will be given. An invitation is extended to all women interested in extension work to join the group.

The President's flag consists of the President's seal in bronze on a blue background with a large white star in each corner.

## Rain Interrupts Two Playoff Ball Games

Rain halted playoff baseball games in the Penn-Maryland and Pen-Mar leagues Sunday afternoon and the games were rescheduled for next Sunday.

Fairfield led Harney 3-2 after three innings in the opening championship game of the Penn-Maryland circuit at Fairfield when rain halted the game.

Taneytown held a 2-1 lead at McSherrystown after four and one-half frames in the Pen-Mar playoffs before rain stopped the action.

## Sports Roundup

By HUGH FULLERTON, JR.

New York, Oct. 8 (AP)—The other day one of the better qualified second-guessers opined the Giants wouldn't be a good ball club until they got a new second baseman. . . Eddie Starky, he claimed, had slowed down so much that he couldn't cover any ground, and he never was much of a hitter. All the Giants' implausible brag does is win ball games, by whatever means are necessary. On Saturday the experts couldn't decide whether he used a punt, placement or drop kick, or maybe he had been learning about soccer from Bobby Thomson, who came from Glasgow, that hotbed of the kicking game. Another theory that has been pretty well ruined was that the Giants would benefit by rain because their pitchers needed rest. Yesterday's rainout came as a help to the Yanks because they can go with Allie Reynolds now instead of relying on Johnny Sain, who had a 5-13 record this season before he left the National league.

**NICE WORK, COACH**  
Dal Ward, the Colorado U. football coach, doesn't mind telling this one on himself. . . Colorado was leading Colorado A. and M. 14-13, with a minute to go and the way the team was playing, Ward was satisfied to take a one-point victory. . . He muttered "take your time," hoping quarterback Roger Williams would get the hint to run a couple of cautious plays. . . Instead Williams got the message as meaning the coach wanted time out. . . Dal had to do something to justify the call, so he sent in freshman Carroll Hardy, who never had been in a game. Hardy ran for a touchdown on the first play. Thirty seconds later Colorado intercepted a pass and scored again to win by 15 points instead of one.

**MONDAY MATINEE**  
Mr. Inside of Columbus, Ohio, reports that Ohio State Coach Woody Hayes has been having trouble with his players and the players have been having trouble with each other. . . So losing that tough one to Michigan State could have a very bad or good effect. . . The Louisville-Martiniano fight at Madison Square Garden October 26 will be telecast by NBC with the usual Friday night razor company sponsor. . . The deal with razor company sponsors putting up half and TV set manufacturers kicking in the other 100 G's to protect the home-set interests. Radio would be good for another \$25,000. . . The Harvard football team that took a lacing from Columbia was captained by John L. Lewis of Texas, suh. What it needed was a few Lewis coal miners playing in the line. . . Harvard's brash little neighbor, Brandeis U., has a player from Clairton, Pa., Dick Jones, who speaks from experience when he says: "Being at Brandeis is like a vacation after working in the mines."

**DOTS ALL, BROTHERS**  
George and Wes McAfee, former Duke grid stars, are coaching football in Durham, N. C., this season. Suppose some of their boys got mixed up in that Tennessee game? . . . After scouting Southern Methodist, Missouri's Hi Simmons described line-backers Dick Hightower and I. D. Russell as "those big, gold-darned white faced steers." Maybe he should see Mike DiSalle to exercise some controls.

**PACKERS UPSET  
STEELERS 35-33**  
Milwaukee, Wis., Oct. 8 (AP)—The Green Bay Packers blew a 28-point lead yesterday but came from behind on a fourth period touchdown pass to upset the Pittsburgh Steelers 35-33.

With triple-threat Joe Geri bottled up, Chuck Ortmann, Fran Rogel and Lynn Chandnois carried the Steeler touchdown load, taking a 33-28 lead early in the third quarter after the Packers had scored four quick touchdowns.

Ortmann passed 33 yards to Chandnois for one touchdown, Chandnois and Rogel drove over for two more and Jimmy Finks raced 28 yards with a stolen Packer pass for another. Geri booted a 26-yard field goal and converted four times.

Packer quarterback Tobin Rote passed 16 yards to Bob Mann for the payoff touchdown with five minutes to play. It was the second Rote-to-Mann scoring heave. A poor into-the-wind kick by Geri set up a Packer touchdown and in interception of a Geri pass set up still another.

## Out Of The Past

From the Files of the  
Star and Sentinel and  
The Gettysburg Times

ONE HUNDRED YEARS AGO

Mr. Thomas Martin, late of Gettysburg, has become a partner in the establishment of the "Hagerstown Republican," and has entered upon his editorial career. We wish him success in everything except his "politics," which we observe are still Democratic.

Married: On the 2d inst., by the Rev. Mr. Hoffmann, Mr. Wm. C. Laughlin, of this place, to Miss Margaret C. Perry, of Lancaster county.

On the 2d inst., by the Rev. Mr. Auerdt, Mr. Joseph B. Galbraith, to Miss Sarah Slaybaugh—both of Butler township.

On Wednesday evening, by Rev. R. S. Grier, Mr. Wm. Bigham, of Freedom township, to Miss Margaret, daughter of Mr. Andrew Horner, deceased, of Cumberland township.

On the 9th inst., by the Rev. B. Keller, Mr. Franklin Slaybaugh, to Miss Sarah Elcholtz—both of Butler township.

On the 2d inst., by the Rev. B. Keller, Mr. Daniel D. Hesson, of Carroll county, Md., to Miss Elizabeth Schreiner, of Adams county.

The Election: On Tuesday our citizens will be called upon to exercise their annual privilege of electing their public officers. "The great agony will be over" in a few days. We have but one word however, to those Whigs whom the paper reaches, that is—to urge upon them the importance of being active and vigilant. Everyone who has at heart the welfare of the State, should consider it his bounden duty to spend election day in unwearied efforts to re-elect Governor Johnston, who has, by his financial skill and statesman-like conduct, elevated our Commonwealth from its monied degradation to a shining point among our sister States. . . . Whigs! then DO YOUR DUTY!

SEVENTY-FIVE YEARS AGO  
J. C. Neely, Esq., has been appointed Counsel to the Directors of the Poor, in place of E. B. Buehler, deceased.

The county fair at York is said to have been a failure, as far as regards attendance. The small-pox rumors may have somewhat to do with it.

Mr. Winfield Sweitzer, of Fairfield, recently injured by the accidental discharge of a gun, had his arm amputated on Sunday—Dr. Scott performing the operation.

The Fair in Agricultural Hall, for the benefit of St. Francis Xavier's church is in progress. The fair will close Saturday night, October 14, with a Supper, tickets 50 cents.

Married: Gochenour-Leas.—On the 2d inst., by Rev. W. F. Collier, Mr. John H. Gochenour, of York, Pa., to Miss Mary C. Leas, of Latimore township.

Shelly-Albert.—On the 5th inst., by Rev. C. J. Deininger, Mr. Jeremiah Shelly to Miss Phebe Albert, both of York Springs.

Hayes and Wheeler Club: The Hayes and Wheeler Campaign Club of this place is now fully organized. The officers are:

## Today's Talk

By GEORGE MATTHEW ADAMS

By GEORGE MATTHEW ADAMS  
FORD FRICK

For the third time a baseball commissioner has been chosen, after many months of mulling the matter over, for indeed this is an important position in American sport. It is not an easy job to fill, for it requires intelligence of a high order, great tact and courage at times, and character. The new selection of Ford Frick for this job is fortunate.

Ford Frick has been a fine writer and reporter from his earliest days, and now, for some ten years or so, president of the National League—where he has added to his stature and brought added lustre to our national game. Ford Frick is respected and admired by all. I first recall him as sports editor of the Colorado Springs Gazette. What a wonderful list of great ball players and executives has come up from the small towns, and obscure positions, to add glory to this greatest of all sports—baseball!

In the appointment of Ford Frick for baseball commissioner I have noted that the selection has been universally applauded. That augurs well for the future of this great game. What is more to be desired than the trust and confidence of one's fellowman in whatever position one is called upon to perform? With men of ability and character at the head of a sport so universally beloved as baseball we can look upon this sport with pride in the future as in the past.

During the season that has just ended millions of fans have enjoyed relaxation and pure pleasure in all the leading ball parks, and it has been a wholesome outing for them all. Ball players are fine athletes and they are fine characters as well, many with families that follow their careers with pride and satisfaction. And right here I should again like to pay tribute to those umpires who do so much to keep this game of baseball on a high rating. They always try to be just in all their rulings, no matter how hot the opposition to their decisions may be at times.

Long live this great game, and long may Ford Frick's career be one of increasing laurels!

Tomorrow Mr. Adams will talk on the subject: "Magic In Believing."

INDUSTRIALIST

PAUL REVERE

(Lantern revisited)

Listen my children and you shall hear  
Of the great industrialist,  
Paul Revere.  
You all have heard of his  
midnight ride,  
But he did much more before  
he died.  
Hard-working, inventive, the  
story tells  
He fashioned bronze into  
temple bells.  
As early as seventeen eighty-eight  
Copper he turned into armor  
plate.  
And done with taking those  
horseback rides  
He made the bolts for  
"Old Ironsides."  
When Robert Fulton achieved  
his dream,  
His were the boilers that made  
the steam.  
And so, my children, whenever  
you hear  
Of the one adventure of  
Paul Revere  
Remember this, all your lifetime  
through,  
He was a great inventor, too:  
A craftsman skilled, with a  
probing mind  
Who many a new device  
designed,  
Willing and eager and proud to  
make  
Much that was needed for  
freedom's sake  
So that our country might  
always be  
"Home of the brave; land of  
the free."

## SUMMER MULCHING EXPERIENCES

Drought has visited many regions throughout the United States during the past four or five months. On an extended trip through the south during the early part of September the editor saw a varying pattern of weather behavior plus interesting and instructive measures which many farmers and gardeners have employed to meet the menace of rainless weeks and months.

Unlike most seasons of erratic rainfall, the droughts of 1951 have not been general. For example, most of the northern part of the Shenandoah Valley has suffered from drought while in regions east of the Blue Ridge mountains there are areas where rainfall has been sufficient to keep pastures thriving. Northern and western North Carolina show a belt of severe drought visitation, with slightly less than normal rainfall belts bordering in certain regions. Driving from dry to nearly normal zones throughout the south, one is frequently impressed with the abruptness with which extreme dryness is supplanted within a few miles to sufficient rainfall to maintain good pastures and promote thriving farm crops and gardens.

Wherever alfalfa is grown for pasture and hay the fields are verdant, regardless of drought. In certain regions alfalfa was the only crop showing general immunity to the ravages of rainlessness. Perhaps the outstanding fact demonstrated where the drought was prolonged and severe was the soundness of summer mulching as a farm and garden practice. Raspberries heavily mulched by progressive gardeners yielded almost normal crops where unmulched rows in the same plot were complete failures. This same truth was demonstrated with cultivated blackberries, dewberries, Boysenberries and strawberries.

One gardener mulched his strawberries with sawdust including a row of red raspberries. And despite the fact that no rain fell in his region from early May until he visited his farm, his sawdust mulched fruits had borne excellent crops while the unmulched rows not only failed to yield but suffered actual plant injury from the summer's dryness. He stated that he intended to mulch all his small fruits with sawdust next spring. Well weathered, not fresh sawdust, should be used for this purpose, according to this experimenter.

Mulching reduced irrigation re-

quirements by more than a half. This fact was impressive in several regions where wells, streams and other sources of water were so restricted by drought that farmers and gardeners who ordinarily practiced either overhead or open-furrow irrigation were compelled to "budget" their water supply.

Apple, peach and cherry trees mulched heavily in early May bore heavier crops and higher quality fruit than did unmulched trees. Tests, so far as the editor could determine from hasty investigations, show that sawdust may prove an effective material for mulching fruit trees.

So convinced are many drought-region growers that mulching is their best form of insurance against rainless weather that they are saving all usable vegetable materials and storing them for use next spring. Both dry mulches and compost are effective for this purpose.

## SHOULD KEEP LIST OF BULBS

To make sure none of the tender bulbs are missed when the time to take them up has arrived, prepare a list of them right now and add to it as you find others that were overlooked. It is so easy to forget one or the other kind, especially if hidden by some other plants of vigorous growth. As long as their foliage remains green there is an advantage in keeping them where they are, as every day counts in building up the strength of the bulbs. Flowers will be of better quality next year if the bulbs can ripen properly.

Listing tender house plants also is a good precaution, although by now they really should have been transferred to a cool room. Should they unavoidably become frosted, take them into a cool dark room and syringe freely with cold water. Both heat and warm water will add to the injury. The handier ones may recuperate completely, but really tender ones may show considerable damage.

In that case, cut back the injured growth. With special care the chances of their making new shoots from the tougher base are reasonably good, since light frost injury usually extends only to the upper and more tender tissues.

Parts of the first transAtlantic cable are still in use.

## FOXTAIL LILY IS URGED AS SPECTACULAR

Gardeners who wish something really spectacular and unusual should plant the *eremurus*, commonly called foxtail lily, desert candle or giant asphodel, says Gisela Grimm in the New York Herald Tribune. These *eremuri* are bulbous perennials, natives of Persia, the Himalayas and Turkestan. In recent years these plants have been very scarce, but fortunately nurserymen are again listing them. Several fine species, as well as some outstanding hybrid forms, are available.

To the writer's knowledge there is no garden flower that even remotely resembles the *eremurus*. From a basal clump of lush, strap-shaped leaves the strong flower stalk shoots up four to eight feet tall, and heavy with the closely set, starlike blossoms covering a third to a half of the stem. Colors range from white through pale pink and pale yellow to deep rose and copper orange. One can imagine what a sensation these stately plants create when in bloom in early summer.

**Need Suitable Setting**  
Of course, flowers of such size require a suitable setting. *Eremurus robustus*, with pink flowers, grows six to eight feet tall. *Eremurus himalaicus*, with white flowers, grows seven to nine feet tall. *Eremurus him-rob*, a cross of these two, with flowers from pale to deepest pink, grows seven to nine feet tall. Naturally, they would be out of scale in a very small garden and are most effective in groups of three or more at the back of a large, wide border, preferably with green shrubbery in the background and a wide expanse of lawn in the foreground. The *Sheiford* hybrids are not so tall as some of the species and are more suited to the average garden, as they normally grow four to five feet tall. These are in white and soft pastel shades of pink, yellow and coppery orange.

Although each plant may produce but one spike bloom, it remains fresh and beautiful for weeks both in the garden and as a cut flower, attracting favorable comment from all. Prices quoted by nurserymen for these plants may seem a bit startling at first, but it is well to keep in mind that, like the peony with which they compare in price, they constitute a permanent planting.

About half the world's cables are British-operated.

## MAN BITES DOG

Los Angeles, Oct. 8 (AP)—Choppo had it coming.

Choppo is a Chihuahua. Choppo bit a man. The man bit Choppo. It happened when Choppo slipped out the gate at an animal shelter. A passerby, E. B. Brown, gave chase. Choppo bit Brown on the hand, and wouldn't let go. Brown finally persuaded Choppo to give up his hold by biting Choppo on the nose.

Morrisville, Pa., Oct. 8 (AP)—Water required at the U. S. Steel corporation's new Fairless works will amount to 70 percent of the 1950 needs of the city of Philadelphia.

the general superintendent of the steel plant estimates.

The superintendent, Albert J. Berdis, disclosed that the plant, now more than one-fifth completed and scheduled to be in full operation by the spring of 1953, will draw about 250,000,000 gallons daily from the Delaware river. About 15,000,000 more gallons will be obtained from wells on the 3,900-acre plant site, Berdis added.

The U. S. Bureau of Land Management says Hagoeton, stock-killing weed of the southwest, can be curbed by keeping the soil fertile and covered with other vegetation.

## CHURCHMEN OF U. S. ORGANIZE

Cincinnati, Oct. 8 (AP)—A new, determined laymen's group — bid Goodspeed by President Truman — fanned out today to recruit Protestants of all denominations into active church service.

The organization, United Church Men of America, envisages an ultimate enlistment of 10,000,000 rank-and-file church men. It has mapped out plans for mass rallies in 18 key cities in 1952 to arouse the interest of men in each community and make clear to them the reasons their help is needed in developing church programs.

The cities are Atlanta, Boston, Buffalo, Dallas, Denver, Grand Rapids, Mich., Los Angeles, Minneapolis, New Orleans, Oklahoma City, Peoria, Ill., Pittsburgh, Portland, Ore., Providence, R. I., San Francisco, Seattle, St. Louis and Washington.

Len T. Jones, chairman of United Church Men, said the group's aim is to make active the "75 percent of church laymen who are not now active."

The UCM plans call for all-out effort to raise the standards of service by laymen in their local churches and the initiation of community projects for the promotion of laymen in all denominations. Jones, a candy manufacturer in Kansas City in private life and a Presbyterian, was installed as chairman last night in ceremonies conducted by Dr. Samuel McCrea Cavert, general secretary of the National Council of the Church of Christ in the U.S.A., and Dr. Herman N. Morse, vice president of the council.

## "Hump" Veteran And Two Others Killed

Lafayette, Ind., Oct. 8 (AP)—A veteran of the China-Burma "Hump" war, and two of his six passengers died yesterday as their plane crashed on their return home from a C-47 transport trip.

Three officials of National Homes Corp., world's largest manufacturer of prefabricated houses, were injured. The seventh man was unhurt.

The plane, loaded with deer, ducks and fish, clipped off the tops of two trees and plowed a quarter-mile furrow in a rain-soaked field eight miles southwest of Lafayette.

Dead were Dr. Thomas G. Graham, 43, Lafayette, National Homes company doctor; Cecil Clark, 53, Crawfordsville, painting contractor associated with National Homes; and C. Kenneth August, 37, West Lafayette, the pilot, who flew the "Hump" during World War II. August is a former resident of Titusville, Pa., where his parents live. James R. Price, president of National Homes, was critically injured.

## CHURCHMEN OF U. S. ORGANIZE

Cincinnati, Oct. 8 (AP)—A new, determined laymen's group — bid Godspeed by President Truman — fanned out today to recruit Protestants of all denominations into active church service.

The organization, United Church Men of America, envisages an ultimate enrollment of 10,000,000 rank-and-file church men. It has mapped out plans for mass rallies in 18 key cities in 1952 to arouse the interest of men in each community and make clear to them the reasons their help is needed in developing church programs.

The cities are: Atlanta, Boston, Buffalo, Dallas, Denver, Grand Rapids, Mich.; Los Angeles, Minneapolis, New Orleans, Oklahoma City, Peoria, Ill.; Pittsburgh, Portland, Ore.; Providence, R. I.; San Francisco, Seattle, St. Louis and Washington.

Lem T. Jones, chairman of United Church Men, said the group's aim is to make active the "75 percent of church laymen who are not now active."

The UCM plans call for all-out effort to raise the standards of service by laymen in their local churches and the initiation of community projects for the promotion of laymen in all denominations. Jones, a candy manufacturer in Kansas City in private life and a Presbyterian, was installed as chairman last night in ceremonies conducted by Dr. Samuel McCrea Caver, general secretary of the National Council of the Church of Christ in the U.S.A., and Dr. Herman N. Morse, vice president of the council.

Dead were Dr. Thomas G. Graham, 43, Lafayette, National Homes company doctor; Cecil Clark, 53, Crawfordsville, painting contractor associated with National Homes, and C. Kenneth August, 37, West Lafayette, the pilot, who flew the "Hump" during World War II. August is a former resident of Titusville, Pa., where his parents live. James R. ## How You May Gain New Strength—Feel Younger

If you are rundown — low spirited — have sleepless nights — no energy — "nerves" — poor appetite, don't be discouraged! Chances are you are just not getting your full daily requirements of the necessary vitamins and minerals from the food you eat.

What you should do is try FERRIZAN — the new dietary supplement and reconstructive tonic. FERRIZAN not only gives you your full quota of many of the essential vitamins but also supplies the equally important iron for the blood and iodine for the ductless glands plus needed Calcium and Phosphorus.

Often in ten days you may feel the difference; your friends notice it. Back comes your appetite — you should actually feel the urge to eat. Nerves can grow steadier; work easier; you may sleep more soundly.

So why delay? Why not decide now to take FERRIZAN for 30 days and see yourself just how wonderful FERRIZAN can make you feel! Costs you only a few cents a day. Money refunded if not completely satisfied.

Paris, Oct. 8 (P)—Premier Rene Pleven's coalition forces won the first part of France's local elections today by collecting 43.2 per cent of the votes, but the Communists got more than any single party.

The results indicated that French voters approved cooperation with the United States and participation in the North Atlantic Pact, for the

coalition stands for that kind of foreign policy.

orchid with white chrysanthemums and satin streamers.

The mother of the bride was Mrs. William D. Rice, York, a friend of the bride, who wore a floor-length mauve gown of satin and net, fitted satin bodice, cape-sleeved jacket and a net bouffant skirt. Her headpiece was made of mauve satin in a coronet effect with a huge satin bow in the back. She carried a bouquet of orchid and white chrysanthemums with white streamers.

Charles H. Williams, Lansford, a friend of the groom, was the best man. The ushers were John L. Ueber, Philadelphia, brother of the groom, and Corporal Eugene F. Sanders, USMC, Gettysburg, brother of the bride.

The mother of the bride was attired in a dark green crepe dress with black accessories and a yellow rosebud corsage. The groom's mother wore a black moire and velvet gown with black and peacock blue accessories and a yellow rosebud corsage.

Before the ceremony Richard B. Shade, church organist, gave a 15-minute recital. Among his selections were "Largo," by G. F. Handel; "When Thou Art Near," by Bach; "Ich Liebe Dich," by Edward Grieg; "At Dawning," by Cadman. The traditional procession from "Lohengrin" was played and also the recessional by Mendelssohn was used.

Miss Nancy Shanbrook, a friend of the bride, sang "Because" and "Through the Years" before the wedding and "The Lord's Prayer" during the ceremony.

A reception was held in the social rooms of the church for about 75 guests. The decorations were mixed fall flowers. A three-tiered wedding cake, topped with a miniature bride and groom, formed a centerpiece at the bride's table. Reception hostesses were Mrs. Ivan Shanbrook, Mrs. Francis G. Small, Mrs. John H. Hann, Miss Joanne Miller and Miss Nancy Shanbrook. During the reception Miss Elizabeth Sheffer, Gettysburg, played the following piano selections: "Salut d'Amour"; "A Day in Venice"; "My Hero"; selections by Strauss and from "Carousel."

## RAINS DRENCH MUCH OF STATE

(By The Associated Press)

Drenching rains accompanied by lightning and heavy crashes of thunder lashed most of Pennsylvania Sunday.

Hazardous driving conditions caused the deaths of at least two persons in the state and a lightning bolt striking near a New Jersey army camp injured four servicemen including an Allentown officer.

Seaman Anthony Ioannelli, 25, attached to a ship at the Norfolk, Va., naval base, and Army Cpl. Samuel W. Haney, stationed at Fort Hancock, N. J., were killed when their automobile collided with a Greyhound bus on the Lincoln highway at Calico Corner, Bensalem township, in Bucks county.

Struck By Lightning

The driver of the Philadelphia-to-New York bus, Joseph Gatusky, 27, of Wilkes-Barre, and another serviceman were injured. Gatusky said the car appeared to skid along the highway and swerved toward him as the vehicles approached.

Army Lieut. William E. Knechel, 27, of Allentown, and three enlisted men were stunned by a lightning bolt which struck nearby while they were preparing an electric generator near an army camp at Bellmawr, N. J. All suffered "generalized shock" and were treated at West Jersey hospital.

The downpour ended the threat of forest fires and ended serious water shortages in many communities. However, the Harrisburg weather bureau reported that the rain was insufficient to end the drought in the central Pennsylvania area since much of it ran off before the parched earth was able to absorb it.

## CUBS ENJOY ZOO TRIP SATURDAY

The Littlestown Cub Scouts enjoyed a bus trip on Saturday, leaving town at 9 a.m. and returning at 3 p.m. The Cubs visited at the Baltimore zoo and then ate lunch, for which soft drinks were donated by the Pack organization. Considerable time was spent at Fort McHenry. Enroute home the boys were treated at the Howard Johnson's restaurant, near Baltimore.

## RAINS DRENCH MUCH OF STATE

(By The Associated Press)  
Drenching rains accompanied by lightning and heavy crashes of thunder lashed most of Pennsylvania Sunday.

Hazardous driving conditions caused the deaths of at least two persons in the state and a lightning bolt striking near a New Jersey army camp injured four servicemen including an Allentown officer.

Seaman Anthony Ioannelli, 25, attached to a ship at the Norfolk, Va., naval base, and Army Cpl. Samuel W. Haney, stationed at Fort Hancock, N. J., were killed when their automobile collided with a Greyhound bus on the Lincoln highway at Calico Corner, Bensalem township, in Bucks county.

**Stunned By Lightning**  
The driver of the Philadelphia-to-New York bus, Joseph Gatusky, 27, of Wilkes-Barre, and another serviceman were injured. Gatusky said the car appeared to skid along the highway and swerved toward him as the vehicles approached.

Army Lieut. William E. Knechel, 27, of Allentown, and three enlisted men were stunned by a lightning bolt which struck nearby while they were preparing an electric generator near an army camp at Bellmawr, N. J. All suffered "generalized shock" and were treated at West Jersey hospital.

The downpour eased the threat of forest fires and ended serious water shortages in many communities. However, the Harrisburg weather bureau reported that the rain was insufficient to end the drought in the central Pennsylvania area since much of it ran off before the parched earth was able to absorb it.

time and services and also for contributions of food stuffs.

World Wide Communion was observed at Redeemer's on Sunday. Holy Communion was administered at 8:30 and 10:30 a.m. and at 2:30 p.m. At the morning services the Senior choir sang "Beneath the Forms" by Oids. The altar flowers and the bulletins were given by Mr. and Mrs. John T. Stambaugh in memory of their son, Hershey G. Stambaugh. Mr. and Mrs. Calvin M. Sentz, Sr., Cemetery street, were received into the church membership on Sunday, by letter of transfer from St. Luke's church, near White Hall. The communion offering was for the benefit of Church World Service and will be used to restore hymnals, Bibles and church buildings which were destroyed in Europe during World War II. For the communion services, all communicants were asked to write their birth date on the reverse side of the communion card, as a birthday calendar is being prepared for the members to be distributed at the beginning of the new year.

**Church Events Listed**  
The pastor, the Rev. Frank E. Reynolds, announced that the Senior choir will not have its regular Thursday evening rehearsal, as previously announced. Miss Shirley Gobrecht, the organist and choir director, will not be able to attend this week. Miss Lois Fessler, assistant organist, will play for the worship service next Sunday morning. Coming events at Redeemer's include: Tuesday, 3:30 p.m., first fall meeting of the confirmation class in the social hall. Tuesday, 7:30 p.m., October meeting of the Ladies Aid society in the social hall. The entertainment and refreshment committee for the meeting consists of Mrs. Lillian Zercher, Mrs. Frank E. Reynolds and Mrs. Claude Reichart. Wednesday, 3:30 p.m., an organization meeting of the Junior choir will be held. All children who are in the third grade in school or above are eligible to join. Sunday, October 21, 2:30 p.m., a youth rally will be held at Chambersburg.

On Saturday, October 20, the Brotherhood of St. John's Lutheran church will sponsor its annual public roast chicken supper. Serving will begin at 4 p.m. in the social hall. Tickets are available for \$1.25 for adults and 60 cents for children. The Ever-Willing Sunday school class of St. John's church, taught by Mrs. Harry W. Badders, will hold a Halloween party and potted plant sale in conjunction with its regular monthly meeting on Tuesday evening at 7:30 o'clock at the home of Mrs. Evelyn Spangler, near town.

**SAILOR FATALLY HURT**  
Elizabeth City, N. C., Oct. 8 (P)—A navy enlisted man from York, Pa., died at Albemarle hospital yesterday after being injured in an auto accident here earlier in the day. The victim, Ralph Hagerman, 22, was stationed at the Naval Air facility at Weeksville. Police said he was riding with three companions when their car went out of control and crashed into a cement street marker.

White Plains, N. Y., Oct. 8 (P)—Three Pennsylvanians were left portions of the estate of the late John A. Hartford, chairman of the board of the Great Atlantic and Pacific Tea company, who died September 20. They were Mrs. Louise McKelvy of Easton, a sister of Hartford's late wife, who was left \$25,000; and Mrs. Louise Walker of Bethlehem, a niece, and William G. McKelvy of Easton, a nephew, who were left furnishings of Hartford's two homes. The bulk of the estate goes to the John A. Hartford Foundation, Inc., founded in 1929 for "charitable and benevolent purposes."

the more fortunate ones, seemed to spend almost all of the summer in a drought condition.

"As a result of the local showers, the entire county's production was not as seriously hurt as would otherwise have been true, but for many farmers this has been a bad growing season.

"Probably the worst hit crop was corn. There was much corn, from areas where rain fell at opportune times, but there were almost as many farms where the corn production dropped far below normal because they were the unfortunate ones to whom the local showers did not come.

"The fruit crop also was reduced below normal by the lack of rainfall. Cherries were not hit, because early season rains provided enough moisture, but peaches and apples were made smaller by the lack of rain."

one out of every four fires is caused by faulty chimneys, flues, cooking or heating stoves, furnaces, or carelessness with fireplaces, hot ashes or sparks on roofs. Most frequent causes of destructive fires in heating plants were listed as sub-standard equipment, incorrect installation or construction, lack of care in maintenance and unsafe operation.

They further warned: "Don't leave electric irons with the current on. Snuff matches carefully. Don't throw them in waste baskets. Don't use or keep inflammable cleaning fluids in the kitchen or anywhere in the house."

A warning relative to the Christmas season was also issued. "At Christmas time or during the holiday season, take extra precautions to safeguard your home against fire in dried-out Christmas trees or decora-
